## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-6, 8, 11-23 and 25-45 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant has amended each of independent claims 1, 20, 31 and 36 to recite that the first and second adsorbent beds operate at a temperature between 50 and 120°F and a pressure between 10 and 100 psig. The examiner agrees with applicant's characterization in the response of why this limitation distinguishes over the prior art of record, and why it would not have been obvious to optimize or modify the temperature and pressure conditions of the prior art of record. Reasons for allowance of claims 40 and 41 are given in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frank M. Lawrence whose telephone number is 571-272-1161. The examiner can normally be reached on Mon-Thurs 7:30-6:00.
